COMPANY PROFILE | DRAFT FOR COMPLETION

FamilyRoots Grounds & Landscaping

Rooted in care. Growing through trust.

Commercial grounds care for properties, estates and contract sites.

Rustenburg and surrounding areas

Important: This is a draft company profile. Complete contact and registration fields and verify all statements before sharing it with procurement teams or attaching it to a tender submission.

Who We Are

FamilyRoots Grounds & Landscaping is a family-business concept focused on dependable outdoor maintenance for commercial, residential, industrial and public-sector environments. We aim to help clients keep grounds neat, accessible and presentable through clearly scoped work, practical scheduling and consistent communication.

Our approach is built around understanding each site’s requirements, agreeing the work scope in advance and providing a professional service aligned with the client’s schedule and site rules.

Our Service Offering

SERVICE	SCOPE
Grass cutting & lawn care	Mowing, edging and routine lawn upkeep for lawns, verges and shared outdoor areas.
Tree trimming & pruning	Tree and shrub trimming, subject to safe access, site conditions and agreed scope.
Garden & grounds maintenance	Weeding, edging, garden upkeep and general outdoor maintenance.
Estate & office park maintenance	Planned upkeep for estates, complexes, office parks, body corporates and facilities teams.
Industrial & mining site grounds care	Grounds and vegetation maintenance subject to site induction, safety requirements and approved scope.
Government & municipal contract enquiries	Enquiries for grass-cutting, tree-trimming, vegetation control and grounds-maintenance opportunities.

Who We Aim to Serve

- Office parks, commercial buildings and business premises
- Residential estates, complexes and body corporates
- Property and facilities management companies
- Industrial and mining operations
- Municipalities, public entities and organisations issuing relevant tenders

Our Working Approach

1. Understand the site

Confirm the location, size, access arrangements, required service, frequency and any safety requirements.

2. Agree the scope

Prepare a quote or proposal based on site information, schedule and deliverables.

3. Plan the work

Agree dates, communication channels, site rules, equipment requirements and green-waste arrangements.

4. Complete and review

Carry out the agreed work and communicate any access issues, additional requirements or changes to scope.

Tender & Supplier Readiness

Tender requirements differ by issuing organisation and opportunity. Read each tender document carefully and confirm mandatory documents, site briefing requirements, closing date, pricing format, eligibility criteria and submission method.

ITEM TO PREPARE / VERIFY	STATUS
CIPC registration documents (if registered)	To confirm
SARS tax compliance / PIN, as required	To confirm
B-BBEE affidavit or certificate, if applicable	To confirm
CSD registration and supplier number, where required	To confirm
Business bank confirmation / proof of banking	To confirm
ID copies / director or member details, if requested	To confirm
Insurance, COID / letter of good standing, safety files where required	To confirm
Experience, references, equipment and capacity evidence	Build as available
Signed tender forms, pricing schedule and briefing proof	Per tender

This checklist is a planning aid, not a guarantee of eligibility. Only include documents and claims that are accurate, current and relevant to the specific tender.
